

Who Do You Know?

Is there an educator in your family? Among your friends? In your neighbourhood? In your Lions Club? Have you told them about Lions Quest? If yes - thank you! If you haven't, why not?

We know from experience that the best way to promote Lions Quest is through word of mouth and we are asking for your help to make that happen.

You don't need to be an expert about Social Emotional Learning & Lions Quest programs, just share this [flyer](#), or the details on our upcoming workshops below. Encourage educators to check our website for more information and a webinar overview. Please like, follow, subscribe and **share** our social media posts and updates. It's a great way to expand our reach and let everyone know about our programs and impact.

Lions Quest District Chairs Team Update

The District 5M13 Team in Manitoba are responsible for all of the Lions youth projects. They put together these fantastic information packages that the District Governor will be sharing with each club as he makes his visits.

The Lions Quest District Chairs discussed strategies to build relationships with their local School Districts during our recent Zoom conversation. At our next one, we'll be exploring how to handle resistance. There is much wisdom within this group and we encourage you to reach out to your District Chair to help you introduce Lions Quest in your own community. We are also excited about a meeting later this month with our colleagues in the US at a North American online gathering of District Chairs.

We really need your help to reach our goal this year!

This month we received over \$7,000 in donations - we need to average over \$12,000/month to reach our goal so we have work to do as less than 5% of clubs have contributed this year. There are many ways that you can support us, check out the flyer and share it with your club.
