## **Don't just take our word for it...here is what one school shared:**

Thank you to the Lions Clubs for sponsoring 12 of our staff to be trained in the Lions Quest program. Our school improvement plan is based on the Social Emotional Learning principles from the Lions Quest Program.

We held a parent engagement meeting inviting all our families to attend and learn more about the program that Lions Quest facilitated. The staff have been wonderful to deal with and are knowledgeable and accommodating.

The online platform has worked so well for us at our school. We have been able to train our educators right in our building. It's so valuable to take the training with fellow educators you work with every day. It makes collaborating so much more efficient. We also enjoyed meeting and discussing the program with fellow educators from across Canada.

Lions Quest uses the CASEL framework which helps kids regulate emotions, recognize emotions in themselves and others. It helps with stress management, and teaches kids how to be a good friend. The program also covers some of the new Ontario health curriculum eg. substance abuse, along with so many other benefits. The curriculum is easy to follow and has everything you need for a full lesson. Our grade 1-2 teacher uses one lesson and breaks it down over several days. In Mrs. Russell's class, their favourite lesson is goal setting and recognizing strengths in ourselves and each other. Including the community it a big part of Lions Quest. Mrs. Russell's class loved writing letters to residents of a local nursing home and a local cafe where street-involved people from the community can get a warm lunch and fellowship.

Mrs. Wiebe, Grade 3, says this about the program - "The Lions Quest program is

outstanding. It offers grade specific lessons that are practical and easy to teach. There are a variety of fun, interactive games and activities that keep children engaged. The topics are exactly what kids need and it's a bonus that each grade has parallel topics at their own age level."

We have been so lucky to benefit from the generosity of the Lions Clubs. Having most of our staff trained ensures that when our little people start JK/SK with us they will continue to grow and learn from the curriculum as they progress throughout the years.

## Do Your Part! A Lions Quest Community Rally

The new Lions Quest Rally in support of the mental well-being of our children & youth is ready and we would love to have one for your community.

This online, interactive, small-group rally will explore why our relationships with young people are so important, identify Social Emotional Learning (SEL) competencies, and learn how our simple actions can have an impact every day.

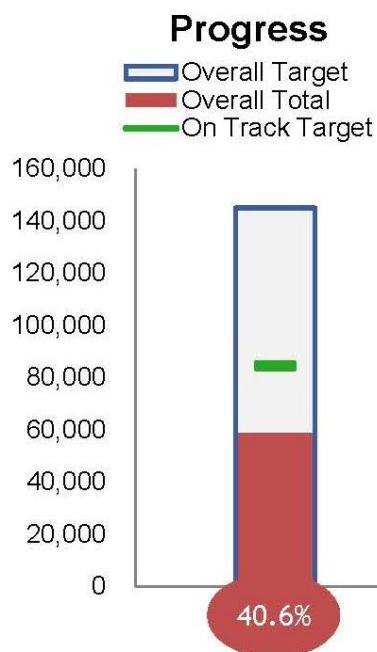

To learn more about sponsoring (\$500) and/or hosting a rally, please contact [us](#) or your District Lions Quest chair. We already have one booked for this month and hope to fill our calendar up for the balance of this Lions year!

## **FREE Online Workshop - Equity Essentials**

In collaboration with the Friends of Simon Wiesenthal Centre for Holocaust Studies, we will be hosting an online workshop on Equity Essentials:

**Tuesday May 10 - 5-6 pm EDT**

Engaging young people in issues of equity and inclusivity can be a life-changing experience - particularly when it engages the mind and the heart and inspires action to create positive change. This workshop provides a framework approach to equity education that can be applied to any grade and/or subject.

Space is limited for this free session and it will not be recorded, so don't delay - click [here](#) to register.
