**Virtual Training for Lions Quest Social Emotional Learning Programs!**

It has never been more important to focus on the social & emotional well-being for students and staff. We are excited to announce that training for our award-winning programs is now available virtually! This experience will provide an overview of Social Emotional Learning & Research, How to Teach Lions Quest in a Classroom, as well as Instructional & Implementation Strategies.

Participants will be required to watch a webinar and complete some activities prior to attending the 2-hour virtual gathering on Zoom.

Each training session is limited to 15 participants, and the \$350 registration fee includes the training and a curriculum resource package for one grade level. Lions Clubs or Districts may be willing to sponsor participation. Register early to avoid disappointment and to ensure that you receive your material prior to the virtual workshop.

Choose the workshop that best fits your schedule from the following options:

- Wednesday, September 21/22 from 1:00 – 3:00 p.m. EDT
- Friday, October 21/22 from 4:00 – 6:00 p.m. EDT

## Reminder of New Service Project!!

We have a great new project to help you build a connection with your local schools - the Child Identification Kit. When recovering a missing child, the most important tools for law enforcement are an up-to-date quality photo and descriptive information. By distributing these Lions Quest/Lions branded kits to your local schools, families have an easy way to gather and store this information and can keep the information at home to maintain privacy.

The kits are available now to **order** for this school year at a cost of \$2/kit. Shipping costs may be an additional charge, but we are working with the Lions network to help distribute them across Canada, including the option to pick them up at the USA/Canada Forum in Calgary in September.

We'd like to thank Lion Lori Perley and District N1
